I. KGMI STORY IN A GLANCE

2002

Started with 10 workers in a small garage remodelled as a factory.

2012

Within a decade, established **Odisha's first end to end modular knockdown furniture** manufacturing plant

2022

Achieved feat of accomplishing over **3000+ projects** across Eastern India with over 70 staffs.

2023

Hon'ble CM Naveen Patnaik laid the foundation for the new factory of KGMI Services.

It will be one of the largest Modular Furniture Factory of Eastern India, built over 45,000 sqft area.

II. INTRODUCTION

- KGMI has set out to prove furniture can be made in a better way. We design & craft timeless styles that are comfortable and livable for our clients, living the dream are affordable despite being priceless.
- Our innovation legacy began in 2002 when we received our accolades for the manufacturing process developed to make strong, durable, low-cost modular furniture— a major innovation at that time.
- All our machinery is capable of a wide range of product portfolios such as home and commercial furniture including workstations, tables, accessories and many more.
- A full-fledged Panel Processing Unit comprising of all latest machinery as mentioned above with innovations and technologically advanced manufacturing solutions have all been achieved owing to our highly skilled workforce.
- We pride ourselves in the rich heritage and culture of Odisha and are proud to take the influence of the same in all our work and projects

II. OUR MISSION & VISION :

- To create an environment that inspires love for living. We do this by creating beauty in the built environment incorporating design innovation with a strong adherence to the quality and always being responsive to our clients.
- We take the time to understand your expectations.
- We get involved in your business and provide an independent view. We produce material but we deliver results.
- We use creativity to deliver a competitive advantage. We ask questions that lead to better answers.
- We look beyond the project to build your brand. We enjoy what we do.
- We combine energy, enthusiasm, intelligence, talent & teamwork.
